Dear Friend:

This is to announce that I have v. 2 regular printing equipment with which to print your HISTORY as a handsome gift on any kind of paper, and style of type. If you use the same kind as I used for this VOLUME II,

If you do not have all the FAMILY HISTORY records of your FAMILY that you need, of either the EARLY AMERICAN settlers, or later years, I am familiar with the places in Washington that the records are kept as well as the LIBRARIES OF CONGRESS and D. A. R., that is the PENSION BUREAU and U. S. Census, and NATIONAL ARCHIVES.

The 1850 Census is the first that gives the place each person was born and their age on that date, the 1860, 1870 and 1880 also give this and the 1880 shows place of birth of parent of each person in each family. The earlier years only show head of family and how many males over and under certain ages.

If you do not have sufficient records for your family history, I suggest that you make a complete check up of the Census records first, and for which I charge \$3 for one day of research by one of my assistants, and send to you the report and then if you desire to have additional days' work done, it will be at the same price. You should first secure all the information possible from older members of your family that are yet living and send me information that you gather, so as to eliminate all unnecessary work and expense.

I hope you will like the kind of printing this equipment produces and send me an order for estimates on your book, as I desire as much as possible to encourage the printing and preservation of FAMILY HISTORY and will do it cheaper than you can have it done elsewhere. I would be glad to have a look at your book on which to make the estimate.

DEAR FRIEND:

This is to announce that I have a regular printing office equipment with which to print your FAMILY HISTORY at a moderate cost on any kind of paper, and style of type. Or you can use the same kind as I used for this circular.

If you do not have all the FAMILY HISTORY records of your FAMILY that you need, of either the EARLY AMERICAN Settlers, or later years, I am familiar with the places in Washington that the records are kept as well as the LIBRARIES OF CONGRESS and D. A. R., that is the PENSION BUREAU and U. S. CENSUS, and NATIONAL ARCHIVES.

The 1850 Census is the first that gives the place each person was born and their age on that date, the 1860, 1870 and 1880 also gives this and the 1880 shows place of birth of parent of each person in each family. The earlier years only show head of family and how many males over and under certain ages.

If you do not have authentic records for your family history, I suggest that you make a complete check-up of the Census records first, and for which searches I charge \$5 for one day of research by one of my assistants, and send to you the report and then if you desire to have additional days' work done, it will be at the same price. You should first secure all the information possible from older members of your family that are yet living and send me information that you gather, so as to eliminate all unnecessary work and expense.

I hope you will like the kind of printing this equipment produces and send me an order for estimates on your book, as I desire as much as possible to encourage the printing and preservation of FAMILY HISTORY and will do it cheaper than you can have it done elsewhere. I would first have to have a copy of your book on which to make the estimate.

If you need records of EARLY MARYLAND SETTLERS, or KENTUCKY RECORDS, please give me a trial order, as I have gathered many thousands of pages of FAMILY RECORDS FROM THESE STATES, but also have a great collection on NORTH CAROLINA, TENNESSEE and VIRGINIA, and a few records from other states.

I am arranging to exchange data on the following families: CHRISTIAN, HANSARD, TUSSEY, DAUGHERTY, HILL, MARKHAM, WALKER, BRADLEY and HORN.

Yours truly,

ANNIE WALKER BURNS.

Founder of the famous Kentucky Mountain Laurel Festival in honor of the first white explorer of Kentucky, Dr. Thomas Walker. Mrs. Burns has compiled over 5,000 pages of abstracts from pension papers sent to Washington by Revolutionary war soldiers who settled in Kentucky, and many thousands of pages of 1810 census of Kentucky, records of marriages, and wills of Kentucky. Also approximately 20,000 pages of records of Early Settlers of Maryland, approximate dates of 1634 to 1770, many of her records of Maryland are over 300 years old.

One other great work done by Mrs. Burns was to assist the regent of the Martha Washington Chapter of the D.A.R.'s in Washington to print 500 books to sell to rebuild the birth place of Martha Washington in New Kent County, which county's records at the courthouse were destroyed, but Mrs. Burns furnished to Mrs. F. B. Culver the regent, the 1810 census of New Kent County, Virginia and to print the 500 copies.

COSDEN, THOMAS, 128

THERE HAS BEEN A WIDESPREAD TENDENCY TO UNDERESTIMATE THE ACTUAL VALUE OF FAMILY RECORDS, AND FEW PEOPLE REALIZE WHAT PRACTICAL VALUE THESE RECORDS HAVE.

MOST PERSONS CONSIDER THAT SUCH RECORDS ARE MADE AND PRESERVED FOR THE SOLE BENEFIT OF CURIOSITY-SEEKERS, ANTIQUARIANS AND FOR THOSE SEEKING TO JOIN PATRIOTIC SOCIETIES. EVEN WHEN, AS FREQUENTLY HAPPENS, A MAN LOSES A COSTLY LAWSUIT OR FAILS TO COLLECT AN OLD GOVERNMENT CLAIM OR A DORMANT BANK ACCOUNT FOR THE LACK OF AVAILABLE RECORDS, HE THINKS THAT HE IS THE ONLY ONE WHO EVER HAD SUCH AN EXPERIENCE, WHEREAS THE FACT IS THAT VIRTUALLY EVERY DAY SOMEONE SOMEWHERE IN THE UNITED STATES IS SUFFERING LOSS FROM THE SAME CAUSE, AND THE GRAND TOTAL RUNS TO MILLIONS OF DOLLARS EACH YEAR.

LAWYERS REALIZE THE SERIOUS NEED FOR GOOD RECORDS. THEY KNOW THE FORTUNES THAT HAVE BEEN WON OR LOST BY THE POSSESSION OF, OR THE FAILURE TO GET, ADEQUATE RECORDS. MILLIONS OF DOLLARS IN WILL CONTESTS, DOWER AND PARTITION SUITS HAVE BEEN LOST BECAUSE OF THE ABSENCE OF PROPER RECORDS.

THE GREATEST BANKS ALL OVER THE COUNTRY HAVE DORMANT DEPOSIT ACCOUNTS; INACTIVE FOR MANY YEARS BECAUSE NO CLAIMANTS CAN BE FOUND WITH SUFFICIENT RECORD PROOF OF HEIRSHIP. THE GREAT CORPORATION HAVE UNCLAIMED STOCK CERTIFICATES AND ACCOUNTS ON WHICH DIVIDEND CHECKS HAVE BEEN RETURNED UNDEPOSITED FOR MANY YEARS.

THE ACCOUNTING OFFICIALS OF NEW YORK AND OF OTHER LARGE CITIES HAVE ON THE BOOKS OF THEIR OFFICES VAST SUMS AWAITING THE PROPER CLAIMANTS ARMED WITH RECORD PROOF.

THERE ARE MONEYS DEPOSITED IN COURT IN CONDEMNATION AND SIMILAR PROCEEDINGS WHICH HAVE LAIN THERE FOR GENERATIONS; UNDOUBTEDLY MUCH OF THIS MONEY WILL NEVER BE REDEEMED, ALL FOR THE LACK OF RECORDS.

I AM IN A POSITION TO FURNISH YOU THE INFORMATION YOU WANT AND NEED, FOR MEMBERSHIP IN PATRIOTIC SOCIETIES, OR FOR USE IN LAWSUITS. FOR YOUR OWN PRESENT SATISFACTION AND FUTURE PROTECTION LET ME COMPLETE YOUR FAMILY RECORDS FOR USE AS ABOVE OR FOR A FAMILY HISTORY.

DEAR FRIEND:

This is to announce that I have a regular printing office equipment with which to print your FAMILY HISTORY at a moderate cost on any kind of paper, and style of type. Or you can use the same kind as I used for this circular.

If you do not have all the FAMILY HISTORY records of your FAMILY that you need, of either the EARLY AMERICAN Settlers, or later years, I am familiar with the places in Washington that the records are kept as well as the LIBRARIES OF CONGRESS and D. A. R., that is the PENSION BUREAU and U. S. CENSUS, and NATIONAL ARCHIVES.

The 1850 Census is the first that gives the place each person was born and their age on that date, the 1860, 1870 and 1880 also gives this and the 1880 shows place of birth of parent of each person in each family. The earlier years only show head of family and how many males over and under certain ages.

If you do not have authentic records for your family history, I suggest that you make a complete check-up of the Census records first, and for which searches I charge \$5 for one day of research by one of my assistants, and send to you the report and then if you desire to have additional days' work done, it will be at the same price. You should first secure all the information possible from older members of your family that are yet living and send me information that you gather, so as to eliminate all unnecessary work and expense.

I hope you will like the kind of printing this equipment produces and send me an order for estimates on your book, as I desire as much as possible to encourage the printing and preservation of FAMILY HISTORY and will do it cheaper than you can have it done elsewhere. I would first have to have a copy of your book on which to make the estimate.

If you need records of EARLY MARYLAND SETTLERS, or KENTUCKY RECORDS, please give me a trial order, as I have gathered many thousands of pages of FAMILY RECORDS FROM THESE STATES, but also have a great collection on NORTH CAROLINA, TENNESSEE and VIRGINIA, and a few records from other states.

I am arranging to exchange data on the following families: CHRISTIAN, HANSARD, TUSSEY, DAUGHERTY, HILL, MARKHAM, WALKER, BRADLEY and HORN.

Yours truly,

ANNIE WALKER BURNS.

Give in special trust to Wm McKendro, Daniel Hitt and Henry Boehm the sum of \$2,000. now in book concern, deposited in the book concern. To be applied in Printing Bibles or testaments with other pious books and pamphlets, upon experimental and practical godliness and upon the doctrine of said trustees, then and in that case desired shall be founded upon the Bishop elected by the General conference in succession on the one part, the Baltimore Annual Conference on the other part, shall elect 2 elders of their body in joint trust. And especial confidence to insure the deposit in the book concern as long as the general union or order and interest shall be maintained and an equal dividend and event of change of things in the U.S. The interest by the special trust be divided among the ten Conferences I have not laid up treasures upon earth more than the sum I have bequeathed in the principal and interest has been left to me in legacies by persons that died childless, some\* thinking possibly I might live to advanced age and to need an independent support, these legacies were left me chiefly by persons of the first generation of Methodist. I have appropriated the interest and some of the principal. Should Elizabeth Dickins survive me and continue in her widowhood it is my will she should be paid during life \$80.00 annually as to all my nominal children; male and female whose parents have thought proper to put any part of my name upon them. Wish the book Concern to give each a bible as one of my nominal children, appoint my three mentioned friends; Wm McKendro, Daniel Hitt and Henry Boehm as executors of my last will.

The following is a very interesting will of BALTIMORE COUNTY MARYLAND of the father of BETSY PATTERSON BONAPARTE

Page 254- Will Book 15 Baltimore County, made 8-20-1827

WILLIAM PATTERSON (age 75) having lived beyond the common period allotted for man, being now in the 75th year of my age and having seen much of the world, it may be gratifying to some and useful to others of my descendants to give them some account of myself, as well as to notice some cursory remarks that have struck me in the course of my life, and I have therefore thought it not inconsistent or improper to commence this my last will and testament with the following sketch; My family were of the Episcopal Church, the established Religion of Ireland, in which I was born and brought up with the great care and attention, and from the religious impressions which I then received, I am under the guidance of a Divine and kind providence indebted for my future conduct and success in life. My father was a farmer in the country with a large family; his name was William. My mothers name was Elizabeth (her maiden name was PEOPLES). They were both descended from a mixture

English and Scotch families, who had settled in Ireland after the conquest of that country. I was born on November 1, old style, in 1752. At the place called Fanat, County of Donegall, Ireland, and was sent by my family at early age 14, to Philadelphia, for the purpose of being brought up to mercantile pursuits, where I arrived in April 1766, and was placed in counting-house of a Mr. Samuel Jackson, an Irish merchant, who was pretty extensively concerned in the shipping business, and who in company with others of his friends usually built a new ship or vessel almost every year. This gave me an early knowledge and attachment to that business, a pen passion that has followed me through life, and although I may be said to have been fortunate, I would not advise any young friend to engage in or to follow the shipping business, without great caution, and in a limited degree to gain experience, without which it is impossible to succeed. Commerce in the shipping line is one of the most dangerous pursuits that can possibly be engaged in. I have known the trade of this Country for over 60 years and I am persuaded that in that line not one in 50 shipping merchants have succeeded, either in New York, Philadelphia or Baltimore. This is a lamentable consideration but I believe no less true. I became interested in Sea Vessels at Philadelphia as far back as 1773, and 1774, and have continued very largely in the business ever since with varied success. I have lived and transacted business as a Shipping merchant under four different Governments, namely the British at Philadelphia before the Revolution, the Dutch at St. Eustace and the French at Martinique, both in the early part of the Revolution and lastly at Baltimore from the time of my arrival in 1778 to the present time. When the American Revolution commenced in which I took great interest, it appeared to me that one of the greatest difficulties we should experience was the one of powder and arms, in consequence of the great precautions taken by the British Government to prevent their being brought to this country from other places. This induced me in 1775 to embark all the property I then possessed in parts of two vessels and their cargoes, destined from Philadelphia to France for the sole purpose of returning with powder and arms and on one of which I embarked myself. One only of these vessels got back safe to Philadelphia, where she arrived in March 1776, with the Cargo intended, and in a most critical time when it was said that Gen. Washington, then before Boston, with the army, had not powder sufficient to fire a salute. On my way from Europe, I stopped at the Island of St. Eustatia in the month of February 1776 where I was persuaded by some of my friends to remain and carry on business with America and which I was the more induced to do on account of the great intercourse that soon took place, affording the Americans, the opportunity of collecting and shipping arms and ammunition and almost everything necessary for carrying on the war. I remained at St. Eustatia for 18 mo and finding that the Dutch Government (although perfectly well disposed) were not able to protect the Americans and their trade against the British, I thought it most advisable to remove from thence to Martinique, where I continued in business until my return to Baltimore. Having had some valuable friends and connections in Europe and America, I established myself with great advantages at St. Eustatia and Martinique, where I soon made what was then considered a fortune, say sixty to eighty thousand dollars, but as the trade with America was attended with great hazard and no insurance could be effected. I lost by British capture and Sea Losses in little more than a month, nearly 1/2 of what I was then worth. This, of course, gave me considerable concern, and brought me to the determination that if I should live to come to America (being then in bad health) that I would certainly realize 1/2 at least of what I might possess, and sport with the other half in commerce as a prudent Gambler, would do at games of chance, for I did then and still do consider commerce in the shipping line as a hazardous and desperate game of chance (page 90) I arrived in Baltimore from Martinique in July 1778- and brought with me in 12 sailing vessels, cash and merchandise, more than a hundred thousand dollars, value, rated at the standard value of Gold and Continental money (paper torn) the only money in circulation (paper torn) the scene of my commercial business

the West Indies centered at St. Eustatia, St. Martins and St. Pierre, Martinique, Governor deGraff, commanded at the former, Governor Hylogar at the 2nd, and the Marques de Bullie at the latter; they are all since dead, but it is due to their memories to observe that they one and all contributed greatly in promoting the interest of America in affording every facility in their power to the Americans who lived under their Governments. Governor deGraff in particular was called home to Holland, to answer for the partiality shown the Americans-- paper torn, depreciation of 4 ~~er~~ for one, at which rate I sold some gold brought in with me from the West Indies. The first thing I thought if after my arrival was to put my former resolution into practice, by investing about 1/2 the proceeds of my property in real estate, and this I accomplished as soon as practicable, and the purchases I then made remain in my possession to the present day, having made it a rule never to purchase real property on speculation with a view to sell again, and never but when I had the money to spare without running into debt and by adhering to this rule I have from time to time increased my purchases of real property as fast as I made money by commerce, never risking more at any time than one half what I was worth, considering that were I ever to loose that half, I had still left a sufficiency to make myself and my family comfortable and independent. A merchant possessing a fortune should never put more at risk than 1/2 what he is worth and should he have the misfortune to loose that half (which is more than probable) he ought to retire immediately from business, or it is 50 to one that he will loose the other half and be left a beggar. Want of this precaution has been the cause of many failures after people had made fortunes, but unfortunately merchants consider themselves entitled or rather disgraced unless they will trade not only up to their capital but as far beyond it as they can obtain credit. What better is this than a gambler staking his money on games of chance and doubling his bets every time he wins; it is true that chance may favor him for a time, luck however (as it is termed by the thoughtless) must change and he is soon broke and ruined, and such is the fate of merchants who make use of all their capital and credit in commerce in the shipping line, nor have I ever known one to succeed on this principal for any length of time.

I am perfectly sensible that had I placed my spare money at interest instead of investing it in real estate that it would have been much more productive in my own lifetime, this however was not my object because my life was uncertain and I might leave a young family to take chance in the world, considering myself therefore acting for my posterity. I have thought it better to leave them real estate than money or stocks, the two latter being too easily parted with, whilst the former is more likely to stick by them and is the last thing that young people think of selling after everything else is disposed of. In the course of an active and extensive pursuit in commerce for more than half a century, it now affords me some pleasure to believe and to say that in the course of that time I have made the fortunes of some and saved others from ruin and have found employment and bread for thousands of my fellow mortals, and I can further say with satisfaction that no one could ever come to me and say, neighbor, or friend, you got the advantage of me. I was uninformed of the late now and the rise of the market, nor could any one ever say to me, "you acted unfriendly or ungenerous by me, first in taking advantage of my necessities by assisting me for the moment and afterwards in obtaining my property at a price, much less than it was worth. It has ever been a rule with me never to purchase or sell property of any kind but where the seller and buyer were on a perfectly equal footing as to information. In order to get through the world with ease and satisfaction in large concerns, it is not only necessary to always just, but often generous, nor is there anything lost by this when it is considered that those who act on this principle will generally have a preference in all their dealings with others.

In early life at Philadelphia, I experienced considerable inconvenience in not being able to find young people suitable for companions. They were almost all more or less tainted with folly or vice and did not seem to suit my

of mind. This obliged me to associate with people much older than myself and to take to the study of books to fill up my time, both of which I found of great advantage and led to warm friendships that lasted through life without a single exception. At this time I applied myself pretty much to the study of Natural Philosophy for which I had a great propensities, and had I then possessed an independence of \$2,000. a year, Neptune should never have sported with my fortune and feelings in future life. On my arrival in the West Indies in 1776 it opened quite a new scene to me for which I was little qualified, for I had previously lived my life among religious people of correct principles and it was quite the contrary with most of my new acquaintances and those I had transacted business with. No one came there to settle for life; all were in quest of fortune to retire and spend it elsewhere; character was little thought of. Of course, it required the utmost circumspection and caution to steer clear of difficulties. A kind superintending Providence in this as in many other concerns of my life enabled me, however, to surmount every difficulty, young and inexperienced as I then was. I have never sought for offices of honor or profit. When I had in any way acted in a public capacity it was from a sense of duty which I could not well avoid, for I considered that every good citizen should contribute more or less for the good of society when he can do it, without too much inconvenience to himself. I always considered it a duty to my family to keep them as much as possible under my own eye, so that I have seldom in my life left home either on business or pleasure since I had a family. My great desire to keep my sons in view induced me to pass them all (seven in number) through my own counting-house. This was a kind of useful finish to their education as it gave them a knowledge of accounts and business and qualified them for future life, be their pursuits what it might, and ever since I had a house it has been an invariable rule with me to be the last up at night (paper torn) to see that the fires and lights were secured before I retired myself. From this I found two advantages, one was that there was little or no risk under my own roof, and the other that it induced my family to keep regular hours. I inherited nothing of any consequence from my forefathers, nor have I benefitted anything from public favors or appointments. What I possess is solely the fruits of my own industry and labor and what I shall leave my descendants ought to satisfy them in a country under a Government like ours, where industry, frugality and merit are the only sure and certain road to respect and consequence. I think it was Doctor Franklin who observed that he would have no objection to live his life over again provided it was so ordered. In this I cannot altogether agree with the Doctor. My life has been attended with too much care and anxiety, and had I the option I cannot say that I would desire it. Yet if I had my life to live over again, I am not conscious that I could improve it in any particular or at any period. I have thought it necessary to say thus much for the benefit of my descendants, and by way of justification for the contents of my following will, wherein it may be considered by some that I have been rather liberal in the legacies and bequests I shall make, otherwise than to my family and connections. Note( a few days after my arrival at St. Eustatia, I was invited to spend the evening with one of my most respectable families of the place, consisting of 3 gentlemen and 3 ladies, 2 of the latter being single. Cards were introduced and we played at whist during the evening. No money was introduced nor was any sum mentioned for the game, which induced me to believe that it was altogether for amusement. But next morning the head of the family called on me with a pile of dollars and said it was the result of my winnings the evening before, and offered to pay me, which I refused to accept, observing that I never played for money, at least for not more than a trifle to keep up the attention of the game. This established my character against gaming and I then resolved with myself that I never would game or play so as to lose or gain more than ten dollars at any one time, and this resolution I have kept faithful ever since, and had I not taken and kept it I probably might have been ruined,

as was the case with some others of my acquaintances in the West Indies.

I will and direct that my executors cause my body to be buried in my family burying ground at my Cold Stream Place, opposite the center of the middle walk that leads up from the gate or entrance, and that they cause to be erected over my grave a small marble monument for the purpose of engraving thereon my name and age the name and age of my dear departed wife DORCAS, and the name and ages of all our dear children who may have departed this life before me.

In addition to the 2 squares of ground lately conveyed by me to the Mayor and City Council of Baltimore on Hampstead hill for a public walk, I will and devise to the said Mayor and City Council and their successors in office for the time being 150 shares of my U S Bank stock in trust for the purposes herein after mentioned, first for erecting a temple to Liberty on the 2 squares above mentioned, also 2 monuments, one to the memory of CHRISTOPHER COLUMBUS, who found the way to this Western World, and the other to the memory of the good Marquiss (Now General) LaFayette, who risked his life and sacrifices his fortune and contributed so largely to the Independence of this country, convinced as I am, having witnessed the progress of the Revolution from Beginning to end, that it was through his means and interest that France joined and continued with us in the Revolutionary war and that without their aid and assistance at the time we could not otherwise have obtained our Independence when we did, but as the value of those 150 shares of U.S. Bank stock must fall greatly short of the objects I have in view of erecting a temple of Liberty and the two monuments above mentioned, I must here earnestly request and recommend of the trustees of this fund for the time being, that the said 150 shares, or the proceeds thereof be kept and continued at interest, together with the dividends and interest that may be received from time to time, until the principal and interest shall so accumulate as to reach and produce the sum of half a million dollars, which if well managed will take place in about sixty years after my death) after which that the interest only of this sum shall be made use of and expended annually, first in the erection of the temple of LIBERTY and when completed, then in the erection of the 2 monuments in the order above mentioned, and after the completion of the Temple of Liberty, it is my desire that the annual interest of the said fund of \$500,000 be employed in preserving the navigation of the Harbour of Baltimore yearly, or in case the interest may not be required for the preservation of the navigation then it may be employed to any other useful purpose of public improvements; and it further my request and desire that the trustees for the said fund for the time being shall, at the expiration of 2 years after my decease cause a gold medal of the value of \$100. to be provided and given to the author of the best piece essay or production on LIBERTY not exceeding 100 lines in either prose or verse by a native American, and that the like reward be given for the same purpose at the end of every fifth year, thereafter during the existence of this fund.

I give and devise to NANCY PATTERSON WIDOW OF MY SON WILLIAM PATTERSON in case she should survive me, an annuity of \$500. a year; likewise to MISS NANCY SPEAR on like conditions and annuity of \$100. a year, but on the express condition that she shall never after my death attend any of the SESSIONS OF CONGRESS AT WASHINGTON OR ELSEWHERE for this annuity is solely intended to Provide against the calls and infirmities of old age and not for the gratification of folly or ambition; likewise to SARAH WHEELER my present housekeeper an annuity of \$50. MADAM VOLENBRUNE who lives in one of my houses, paid her rent regularly for many years but from a change in her circumstances is now owing rent for several years past. It is my will and desire that she shall not be called on or troubled for the rent she owes or may owe or may owe and that she shall be suffered to remain in the said house rent free during her natural life, for should she be able, I have no doubt but she will pay all she owes or may owe hereafter; Mrs. WARREN who has occupied a house of mine behind that of Mrs. V. for many years shall remain

the said house rent free during her natural life.

The Charitable Marine Society of the City of Baltimore, being one of the best and most meritorious institutions that I know of, and I cannot but here regret that so many of our wealthy citizens who have departed this life already have omitted or neglected to make any provision for this very useful institution, I do therefore hereby devise to the said Society 30 shares of U.S. Bank stock.

I give and devise to the following persons the number of shares of U.S. Bank Stock set opposite their respective names:

GRAND SON WILLIAM SON OF WILLIAM (20) GRAND SON JEROME NAPOLEON (20)  
 SON JOSEPH'S THREE CHILDREN: WILLIAM: CHARLOTTE AND JOSEPH EACH (10)  
 Son EDWARD'S THREE CHILDREN: MARGARET : LAURA AND EDWARD EACH (10) and to Mrs. PROVIDENCE GARVIN: WIFE OF JOHN GARVIN: ESQ OF GETTYSBURG (10) -- to my two sons; JOSEPH AND EDWARD IN TRUST FOR THE USE AND BENEFIT OF MATILDA SUMMERS DAUGHTER OF MRS PROVIDENCE SUMMERS) NOW THE WIFE OF JOHN GARVIN ESQ OF GETTYSBURG: PA. BORN AT LANCASTER: PENNSYLVANIA MARCH 1817 property in Baltimore; like bequests to each of her children. I have made large advances to my sons WILLIAM AND JOHN that would have amounted to their full portion of my then whole estate, had my estate been then sold and converted into ready money; it therefore results that neither my son John nor my grand son William, son of William or in reason or justice entitled to any part of my estate, yet as my grand son WILLIAM SON OF WILLIAM may not be very well provided for, at my death from other sources, it is my will and pleasure to provide for him as follows; Place in HARFORD COUNTY CALLED DUBLIN: ALSO TRACTS OF 1,000 acres, each in OHIO COUNTY VIRGINIA: ALSO TO MY FOUR SONS: JOSEPH: EDWARD: GEORGE AND HENRY: LAND IN HARFORD COUNTY AND IN VIRGINIA: JOSEPH SON OF SAID SON JOSEPH PROPERTY IN BALTIMORE: also to the said 4 sons and grand sons; lots, houses, stores and property of every description in the City of Baltimore and elsewhere. The conduct of my daughter BETSY has through life; been so disobedient, that in no instance has she ever consulted my opinion or feelings; in deed she has caused me more anxiety and trouble than all my other children, put together, and her folly and misconduct has occasioned me a train of expense, that first and last has cost me much money. Under such circumstances it would not be reasonable, just or proper, that she should at my death inherit and participate in an equal portion with my other children, in an equal division of my estate. considering however the weakness of human nature, and that she is still my daughter, it is my will and pleasure to provide for her the following properties; after her death I give and devise all the aforesaid lots, houses, stores, lands and property to my grand son;

JEROME NAPOLEON BONAPARTE, son of my said daughter BETSY: to grand son William, son of William in addition to the above bequests - there is left to sons John, Joseph, Edwards, George, Henry and daughter Betsy much other valuable real and personal property including ship, wharves and warehouses, plate, furniture, liquors and portraits by Stuart and Sully. Executors; sons Joseph, Edward and George; Wit; John B Morris, R. Wilson, Hamilton Graham and S.V. Solomon. Codicil names grand son JEROME NAPOLEON BONAPARTE, son Henry, who is left the MOUNT PLEASANT PLANTATION; the children of five sons above named and housekeepers Jane Wheeler and Sarah Wheeler, a second codicil revokes a bequest of 150 shares to the Mayor and City Council of Baltimore, the testator stated that "from a variety of transactions I have had since with the said Mayor and city council, I have had reason to complain and consider myself very illly treated and injured by their conduct, and under these circumstances, I now consider myself justified in withdrawing the grant I then made". Legacy to

POLLY PATTERSON WIFE OF SON JOHN

the state of slavery in this country has often engaged my attention and given me much concern, for we know not what to do with those unfortunate people, or how we can get rid of them, useful to themselves, and without too much sacrifice to their owners. Nevertheless I have as respects myself concluded that all the slaves I may die possessed of shall be set free at my decease on the following terms:

and conditions; namely, all over age 30 to be free at my death, all under 30 male and female to serve until they shall attain age 30- my 2 females house servants to be free at my decease and provided they survive no they are to be allowed a pension out of my estate. This will probated 2-12-1835.

Norwell, James  
or NOWELL: JAMES

Pension No 5 25331 Bounty land warrant 643-100

In a letter dated Hagerstown, Feb 21, 1811. - My dear sir; Among the few old Veterans of the Revolution, who have survived the wrecks of time, and left to experience the aches and pains of a severe servitude is the bearer; James Nowel, who enlisted in Company of Capt Freeman of the 6th regiment as a fifer, - went to the southward took his musket and the 2nd action of Camden - served in the Brave Capt Smith's Co, where he received as he informs me a 2nd wound. Having as appears by Doctor Parrans certificate, been previously wounded - to the North - I recollect Nowel very well but as you know after the above mentioned action I was sent to Charlotte, with the wounded and his not being a bad wound he remained in camp and was attended by Doctor Warfield - Warfield, I cannot bear testimony of his having been wounded in that action - but from his all - I have no doubt that the disability he labours under at present is occasioned in a great measure by those wounds. - since Nowel came to this county about 11 years, I can vouch for his having conducted himself as an upright honest man, - HE HAS A FAMILY OF EIGHT CHILDREN; five of them small and all of whom dependent on his exertions - he applied to Congress two sessions past, and now goes to Baltimore to apply to Judge Houston for a commission to take depositions, and applied to me for a letter to you to interest you in his behalf, - which I am sure was unnecessary as I well know your attachment to the old soldier and your unceasing efforts to render the evening of their lives comfortable. His living remote is - his ignorance of the law having passed to provide pensions for the wounded. - signed

R Pinnell, to Col John E Howard. Baltimore.

--- James Nowell of Washington County Maryland, was an invalid soldier of the Revolutionary army - was drafted for nine months service in the MARYLAND MILITIA 1777 - that in 1778 - he enlisted as a regular soldier in Capt Trueman's company 6th Maryland Regiment and served in the army until the end of the war - honorably discharged 1783 - wounded accidentally at Elizabethtown, New Jersey. - was at the battle of Cowpens, and again wounded at Guilford Court House, and at the 2nd battle of Camden under Gen. Greene and wounded - also at engagement at Eutaw Springs, and a few months prior to 1816 recd. warrant for land. - refers the Pension Comm. to various depositions; one of Dr. Thomas Parran and Dr Pindell. ---

--- Prince Georges Co, Maryland, 3-28-1815 Came Captain James Somervill, late of the 6th Maryland Regiment, before a J.P. made oath that James Nowell served in the Revolutionary war in Capt Trueman's Co of the 6th Maryland Regiment, that he went to the Southward with the Maryland troops, in 1780 - this deponent being badly wounded having lost an arm - near Camden, the 16th Aug 1780 - he returned home and never rejoined the Southern Army afterwards. He now draws half pay as Captain. Signed before Jas Naylor. --- affidavit of R Pindell 1812 Washington Md.

- came Doctor Richard Pindell before a J.P. and states that James Nowell who now resides in said county and state is the same person that served in the sixth Md. regiment, last war, and this deponent has known him for a great many years.

Annapolis, Md 1812 Aug 7 - from Robert Denny, - In answer to your letter I can only say that there does not appear on the muster any man by name of James Noarl but there is a man by name of James Nowell, who enlisted as a private in Capt Truman's Co, 1st June 1778 for the war. --- affidavit signed by Lieutenant Colonel John Eager Howard states in 1811 that he remembers that James Nowel served, was wounded; and believes he served with the Maryland line in Carolina. - Dr Thomas Parran, states that he recollects James Nowell was a soldier in the Revolutionary war - he acted as a Fifer to Capt Trueman's Co. 6th Md Regiment and that he received wounds and that he as surgeon dressed said

wound - signed Richard Grahams Grahams - or the Doctor appeared before said Graham as it was not signed by the Doctor. - it appears by the register of finance settlement certificate issued for services during the war that James Nowell recd a final settlement certificate No 87239 for \$80. and interest prior to 11-16-1783 - being the evidence of his having enlisted for service to the end of the war. This was from the War Department 1815.
